

Would you like to spend part of your Class 9 year at the Bristol Steiner School, England?

In September 2008 an exciting new Steiner Upper School is opening as part of the long-established Bristol Steiner School (founded 1973). We would like to welcome you to study and live with us in the beautiful city of Bristol, which has a rich history and a vibrant contemporary cultural scene.

Living here with a family from the school you will be able to improve your English, learn new skills, make new friends and find out about living away from home in a different culture.
